

REMARKS

After the foregoing amendment, claims 22-42, as amended, are pending in the application. Claims 22 and 39 have been amended to more particularly point out and distinctly claim the subject matter which Applicant regards as the invention. Applicant submits that no new matter has been added to the application by the Amendment.

Claim Objections

The Examiner objected to claims 22 and 39 for having improper antecedent bases. Applicant has amended claims 22 and 39 to correct the antecedent bases as shown in the listing of claims.

The Examiner further objected to the phrase "X2 interconnection network" as recited in claims 26-30 and claim 32. Applicant respectfully submits that the phrase "X2 interconnection network" is correct as defined in page 58, line 12 to page 59, line 8 of the specification.

In view of the foregoing Applicant respectfully requests reconsideration and withdrawal of the objections to claims 22, 26-30, 32 and 39.

Conclusion

Insofar as the Examiner's objections and rejections have been fully addressed, the instant application, including claims 22-42, is in condition for allowance and Notice of Allowability of claims 22-42 is therefore earnestly solicited.

Respectfully submitted,

ROBERT LI SHUO-YEN
